The following information is available by contacting the Laboratory at the numbers listed below:
WKN (318) 212-4400, WKB (318) 212-7400, WKS (318) 212-5400, or WKP (318) 212-3400

INSTRUCTIONS FOR COLLECTION OF A MIDSTREAM URINE SPECIMEN (MALE)
PATIENT INSTRUCTIONS

1. Remove the lid from the container and lay it face up on a flat surface.

2. Cleanse penis with presaturated towelettes, working from meatus outward. If patient is uncircumcised, keep the foreskin retracted.

3. Void a small amount of urine into the toilet, then continue to void into the specimen container. Avoid patient body contact with the rim of the container.

4. Place the lid onto the container, avoiding contact with the sterile side of the lid.

5. Place the specimen into the “specimen window” designated in the restroom.
